

# Apollo Opti 40W Gobo Projector

The sleek white powder coat finish allows the OPTI Gobo40 Projector to disappear in houses of worship, retail store environments, and hospitals. Combined with our Covid-19 related Gobos and PIR proximity sensor, the Gobo40 can be the difference between people following guidelines or not. Fan-cooled for long life, the IP20 unit excels at crisp image projection while remaining below budget. Any of our 3,400 patterns in the Apollo Gobo Collection or a custom pattern can also be projected to protect and enhance public spaces.
